~~BEWARE THE PAST a gripping crime thriller with a huge~~

~~...~~

The gratuitous billing of Beware the Past – by the author herself – as a “gripping” UK crime thriller with “a huge twist” grabbed my attention. In the back of her book, the author provides a glossary of British word usage as an aid to American readers like me unfamiliar with the way the English speak English.

# Online Library Beware The Past A Gripping Crime

~~Beware the Past (DCI Matt~~

~~Ballard, #1) by Joy Ellis~~

Beware the Past is dark in nature, and dark in location - the setting of this novel really adds a sense of desolation and eeriness to the read. The characters were believable but I didn't really care about them or their fate, beyond wanting the good guys to win and the bad guys to lose.

# Online Library Beware The Past A Gripping Crime Thriller With A Huge Twist

Beware the Past is a good novel, well-written, but not one I would rush to recommend because I couldn't connect with the characters and I guessed the ending. However, my favourite thing about this novel, it's 'old-school' vibe. Read more. 27 people found this helpful.
