~~Cry No More was the story of one woman's journey of ten years trying to find her missing son. To be honest, I'm not sure how anyone could dedicate so much time to writing such a heartbreaking and depressing story of which there seems to be no possible happy ending. And I was right: there was no perfect, happy ending.~~

I finally thought to watch the credits for who provides the music and saw it was Cry No More. The music itself is VERY 80's, not bad overall but rather dated, of course, by today's standards. I'm not certain what all the songs are that were used in the film but "Recipe For Romance" is definitely the standout, and is heard throughout the film in ...

THE ORIGIN OF RAZOR presented in a 20th anniversary special edition

She should have been focused on playing with dolls, spending time with friends and relishing hugs from her caring family around her. Yet five-year-old Sharyn experienced instead the sadness, anxiety and silent suffering that comes from being a young victim of sexual abuse and incest at the hands of an uncle. What s more, she also endured harsh beatings from her callous mother and had to regularly fight off the carnal advances of her mother s boyfriend. The painful scars left by the abuse would turn anyone from the loving grace of Jesus, but author Sharyn Anderson-Campbell chose instead to accept the healing that could only come from the Savior. In The Cry No One Heard, Sharyn reflects on the difficult growing years of her life where fear of rejection was paramount and her cry for help fell on deaf ears, especially within her family. Her relationship with God was even more strained, which is very apparent in a series of journal entries she includes in the book that contain the demonic oppression she

endured during this fragile time. With time though, Sharyn deepened her relationship and dependence on God, breaking free from the emotional chains of her abuse and finding forgiveness in her heart for her abusers. She provides prayer examples for forgiving abuse from others and for accepting the plan of salvation in one's life. Her hope is that abuse can be prevented for future generations of children, through people who will answer the innocent's cry for help and do all they can to keep more children from becoming victims of abuse. It does no good to listen for the cry, hear the cry, and do nothing about the cry. We must act and act immediately to save the children, and keep them from becoming offenders.

Every story has a beginning, a journey, and an end. Author Vera Leinvebers's story begins in her beloved homeland of Latvia, just prior to the outbreak of World War II. Her early childhood is filled with joy and music, but this idyllic, carefree existence is irrevocably silenced by the advancing drumbeats of war. The journey that follows proves so intense and harrowing that in order to find the emotional separation necessary to face her traumatic childhood memories, Leinvebers filters her experiences through the eyes of a young Latvian girl called Lara. *No Time to Cry* tells the story of Lara's harrowing ordeal in war-ravaged Europe. It is a story about brutality, hatred, and unimaginable loss, but it is also a lasting testament to one little girl's indomitable will to survive. When she loses nearly everything she holds dear, Lara desperately clings to the all that remains—the music indelibly etched in her memory and a small, smooth stone that she retrieved from the charred remains of her former home. That small stone became her symbol of strength. If it could survive the inferno and devastation, so could she. Join Lara as a traveller on the path of her war-ravaged childhood, a path that clearly proves that no matter how much one might suffer, when the goal is to survive there is simply no time to cry.

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

Long before Lance Armstrong, there was Michael Parker. Michael was an outstanding high school linebacker in 1986 when he learned he had bone cancer. While his team went on to win the state championship without his services, he never relented in his determination to do what no one else had ever done: return to play again. Not only to play, but to play in a state championship game. But he first had to overcome cancer and get approval from the high school athletic association to play as a fifth-year senior. This is the story of how one determined boy overcame tremendous odds to triumph over the biggest challenge of his life. It is also the story of how a team and an entire city rallied behind a young man as he grimly fought his way all the way back. An inspirational story for any age.
