Waltzing Australia was born out of a dream-and a journey. After walking away from her corporate career, Cynthia Clampitt headed to Australia, to start over, to write, and to test the limits of what she could do. Waltzing Australia recounts that joyous adventure. It is a story about change and about making dreams come true. But more than that, it is about Australia: the history, legends and art, both European and Aboriginal; the beauty, the challenge, the people, the land. From Sydney to Perth, Tasmania to Darwin, tropics to desert, city to wilderness, Clampitt carries the reader along on an exhilarating grand tour of a fascinating country. With a writing style reminiscent of Annie Dillard, she captures the essence of the land Down Under and invites others to fall in love with Australia.

A picture book account of the true story that inspired the Winnie-the-Pooh classics follows the experiences of a World War I veterinarian and soldier who rescued a baby bear, made her his regiment's mascot and introduced her to Christopher Robin at the London Zoo.

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Praise for the Cavensham Heiresses series "Sparkling." —Publishers Weekly "Full-bodied romance...with intelligence and heart."—New York Times bestselling author Cathy Maxwell A lady with a noble mission. A duke looking for redemption. A forbidden love that cannot be denied, in The Good, The Bad, and The Duke by Janna MacGregor. Lady Daphne Hallworth is ready to celebrate the holidays with her family. But when they accidentally leave her home alone, Daphne uses the time to work on her dream—opening a home for unwed mothers. But her quest isn't problem-free: She's in a battle to win the property for the home against her brother's best friend-turned-enemy, Paul Barstowe, Duke of Southart. And that's not all: someone has stolen her personal diary, which holds secrets that could devastate her family. Daphne has always harbored private feelings for the man her family scorns...though perhaps striking a bargain with the handsome Duke will solve both their problems? Paul, long considered good for nothing, aims to open a hospital to honor his brother and restore his reputation. So when a conflict over the land brings him straight into Daphne's life, they make a deal: He will help her find her diary if Daphne can change her family's opinion of him. But before he can win her family's affection, he has to win hers first. Maybe love was the answer to their family feud all along?

A smart, witty novel of driving lessons and vertigo, short-listed for the Man Booker International Prize Sonja is ready to get on with her life. She's over forty now, and the Swedish crime novels she translates are losing their fascination. She sees a masseuse, tries to reconnect with her sister, and is finally learning to drive. But under the overbearing gaze of her driving instructor, Sonja is unable to shift gears for herself. And her vertigo, which she has always carefully hidden, has begun to manifest at the worst possible moments. Sonja hoped her move to Copenhagen years ago would have left rural Jutland in the rearview mirror. Yet she keeps remembering the dramatic landscapes of her childhood—the endless sky, the whooper swans, the rye fields—and longs to go back. But how can she return to a place that she no longer recognizes? And how can she escape the alienating streets of Copenhagen? In Mirror, Shoulder, Signal, Dorthe Nors brings her distinctive blend of style, humor, and insight to a poignant journey of one woman in search of herself when there's no one to ask for directions.

Winner of the 2012 Pulitzer Prize in Biography Widely and enthusiastically acclaimed, this is the authorized, definitive biography of one of the most fascinating but troubled figures of the twentieth century by the nation's leading Cold War historian. In the late 1940s, George F. Kennan—then a bright but, relatively obscure American diplomat—wrote the "long telegram" and the "X" article. These two documents laid out United States' strategy for "containing" the Soviet Union—a strategy which Kennan himself questioned in later years. Based on exclusive access to Kennan and his archives, this landmark history illuminates a life that both mirrored and shaped the century it spanned.
