Slowly Jack learns the pleasures of writing poetry as Miss Stretchberry encourages him to tell his own story through verse. What emerges is a moving and memorable story about a boy and his dog and his growing passion for poetry.

When Violet runs away from home in 1918 to find her suffragist sister, she ends up in Nashville, Tennessee, where "Suffs" and "Antis" are gathered, awaiting the crucial vote on the nineteenth amendment.

Insects that look like leaves, snakes that play dead, fish that fly, and toads with poisonous skin--these creatures are among many that defend themselves in fascinating ways. Animal Defenses presents the wide variety of physical and behavioral adaptations used by animals and insects in their struggle to survive and shows how scientists continue to make new discoveries about the age-old maneuvering between predator and prey.

EL Education's ELA Curriculum combines rigorous, standards-aligned content with effective instructional practice. Developed by teachers for teachers, the curriculum draws on EL Education's 20 years of experience to engage teachers and students in active learning every day. It covers 160 days of instruction across a school year, developed down to the level of daily lessons, and addresses a full year of English Language Arts instruction in four modules. Students get excited about learning through authentic texts, compelling topics and ownership of their own learning. Teachers get a vision of the instructional practices that support a standards-aligned classroom and the tools to create it. Originally commissioned by New York State when EL Education went by the name Expeditionary Learning, the version of the ELA curriculum posted on New York's Engage NY website has been downloaded over 6 million times. This edition has been updated with alignment to nationwide Common Core standards, and has been adopted by schools and districts in 43 states + Washington, D.C. Grade 4: Module 2B explores animal defense mechanisms. Students build proficiency in writing an informative piece and become experts in one chosen animal. They read closely to practice drawing inferences, and use a science journal to make observations and synthesize information. They choose an animal and research the threats to its survival, and how it is equipped to deal with them. For the final performance task, students plan, draft, and revise a choose-your-own adventure narrative starring their chosen animal making use of its defense mechanisms. A complete set of materials for Grade 4: Module 2B should include the Teacher Guides (978-1683621652), one Student Workbook (978-1683621669) per student, and the required trade books for this module. From his 1776 Pennsylvania homestead, thirteen-year-old Samuel, who is a highly-skilled woodsman, sets out toward New York City to rescue his parents from the band of British soldiers and Indians who kidnapped them after slaughtering most of their community. Includes historical notes.

After moving from a Mohawk reservation to Brooklyn, New York, eight-year-old Danny Bigtree encounters stereotypes about his Native American heritage and longs to be back on the reservation. By the author of Children of the Longhouse. Reprint.

From acclaimed Native American storyteller Joseph Bruchac comes a collection of seven lively plays for children to perform, each one adapted from a different traditional Native tale. Filled with heroes and tricksters, comedy and drama, these entertaining plays are a wonderful way to bring Native cultures to life for young people. Each play has multiple parts that can be adjusted to suit the size of a particular group and includes simple, informative suggestions for props, scenery, and costumes that children can help to create. Introductory notes and beautiful, detailed illustrations add to young readers' understanding of the seven Native nations whose traditions have inspired the plays.
