Emmy Award-winning actress Kirstie Alley 's candid and audacious memoir

about her life and the men she has shared it with—for better and for worse. John Travolta. Parker Stevenson. Ted Danson. Maksim Chmerkovskiy. Kelsey Grammer. Patrick Swayze. Woody Allen. Woody Harrelson. And many others. . . . In three decades in Hollywood, Kirstie Alley has lived with, worked with, loved, or lost all of these men, and in this revealing memoir, she peels back the layers (and sometimes the sheets) on her relationships with all of them. From the early days of her childhood in Wichita, Kansas, surrounded by her loving father, her inquisitive and doting grandfather, and a younger brother she fiercely protected when she wasn't selling tickets to see him naked, Kirstie Alley's life has been shaped and molded by men. “Men, men, glorious men!” gave her her first big break in Hollywood and her awardwinning role on Cheers, and through two marriages, a debilitating

cocaine addiction, the death of her mother, roles in some of the biggest comedies of the last twenty years, and a surprising stint on *Dancing with the Stars*, men proved to be the inspiration for multitudes of the decisions and dramas in Kirstie Alley ' s life. In this collection of linked essays that ' s both hilarious and poignant in turns, Kirstie chronicles all the good, the bad, and the ugly men who have influenced and guided her. She demonstrates how men can be the air that women breathe or the source of all of their frustrations. But for better or worse, Kirstie shows that a life well lived is a life lived in the company of men, especially if they remember to put the lid down. *The Art of Men (I Prefer Mine al Dente)* is a hilarious excursion into love, joy, motherhood, loss, sex, and self-discovery from one of Hollywood ' s most enduring stars.

Perry Palomino has fought her demons - and won - but the battle is far from over. She's now left broken and on her own, leaving behind her life and family in Portland to focus on giving Dex Foray - and the Experiment in Terror show - a second chance. But their past mistakes continue to tease and test their relationship, as does the wild and desolate terrain of the Canadian Rockies. The snow-covered peaks and ravenous forests hide an urban legend too unbelievably frightening to be true and the only way the duo has a chance of surviving is if Perry can let in the very man who sent her to
