But instead of memories, the fields where Lorna grew up yield something utterly chilling. All those years ago, when nine-year-old Melinda Eagan vanished on her birthday, her foulmouthed older brother, Jason, quickly became the lone suspect. Yet when he went missing, too, the case turned cold. But Jason, it seems, never got far: His bones have been moldering on the Temples' land for two decades. As far as the local police are concerned, the book is closed on Melinda's murder—and Jason's death is justice served. But Lorna refuses to let the dead rest uneasily. She turns to private eye T. J. Dawson to dig up the dirt of the past and see what lies beneath. Only there's someone out there who hasn't forgotten—and who won't be the least bit forgiving about being exposed as a killer. In matters of crime, there are many versions of the truth. **BONUS:** This edition includes an excerpt from Mariah Stewart's *Dark Truth*.

Learn powerful closing and sales negotiation tactics that unlock yes and seal the deal. Each year, sales professionals leave billions of dollars on the table because they are out-gunned, out-manuevered, and out-played by savvy buyers, who have been schooled in the art and science of negotiation. Because today's buyers have more power than ever before—more information, more at stake, and more control over the buying process—they almost always enter sales negotiations in a much stronger position than the salespeople on the other side of the table. The results are sadly predictable: salespeople and their companies end up on the losing end of the deal. In this brutal paradigm, if you fail to master the skills, strategies, and tactics to go toe-to-toe with modern buyers and win at the sales negotiation table, your income and long-term earning potential will suffer—along with your company's growth, profits, and market valuation. In his new book **INKED: The Ultimate Guide to Powerful Closing and Sales Negotiation Tactics that Unlock YES and Seal the Deal**, Jeb Blount levels the playing field by giving
